FASHANNE

## THE FASHANNE AWARDS

**FASHANNE** is the **Fashion Designers of the Future Awards**, which champions our region's design students and showcases their work to top businesses and leading fashion experts. In 2020, the 4th Fashanne Awards will take place on **29th and 30th April over two days at the new Metronome building and the stunning St Mary's Church in Nottingham** and is expected to attract over 500 guests

Day 1: Judging of the students' work which will be exhibited throughout church; Workshops for students - namely, 'Get that Job!', 'Picture your future on Social Media' and 'How to change the world' 11am-4.30pm, Metronome; In the evening, 'Question Time: Future of Fashion' event, where the guests have the opportunity to question the panel of industry experts, 6.30pm-8pm, Metronome. Day 2: The main evening event hosted by the founder of Fashanne, BBC's Anne Davies, to include a fashion show showcasing the students designs with special guest models and the presentation of the awards.

Sponsorship of Fashanne will support the growing innovation and entrepreneurship in the East Midlands, provide a perfect opportunity for an unforgettable corporate hospitality event and shine a spotlight on your business, as you network with some of the region's leading business names.

Involving up to six universities from the Midlands and beyond, with eight award categories and 2 special awards, talented students compete to be put forward to the Fashanne finals. Our first Awards night held at Belvoir Castle brought us to the attention of **Tatler** who likened Fashanne to Dior showing at Blenheim. Fashanne 2017 and 2018 achieved significant coverage too on **BBC TV, radio and online**, with 2020 set to attract even more attention across the UK and beyond.

Not only do the Fashanne Awards offer a glittering evening for industry leaders, sponsors and guests, but for students it's an occasion like no other, as Fashanne nurtures the next generation of talent. Our models are students, our make-up artists are students and we support all young people at the beginning of their careers. Our winners have gone on to design jobs at **Hugo Boss** in Switzerland, **All Saints** and **Ted Baker** to name a few.

Winners become automatic members of **The Fashanne Academy** which, with designers and industry leaders will grow alongside the Awards to provide a hub of talent to foster opportunities for members and to help and guide new talent coming through in the world of textiles, fashion and design.

**Fashanne** is a product of our great design past, celebrating and investing in an even greater future, giving opportunities to business to form lifelong relationships with some of the most exciting design talent in the world.
